"Dear Sir/ma'am

I'm the member of " All India Students committee (AISC)IEI " the meeting of which was held on 31st May 2020 on Google Meet. The important decision which was taken was that we must strengthen our Alumni for which we require details of the members from every centre, who have passed AMIE. examination.

Kindly provide the details of these members at your earliest so that we can incorporate them in the national committees, to motivate them in Alumni meet and award functions.

The coordinators will be made amongst these members from each centre, who will be helpful in communicating their suggestions and various problems to the national committee.

Regards
